Python Developer

Karachi Full Time 55K

Job description

We are seeking a Senior Python Developer to join our team. As a Senior Python Developer, you will be responsible for designing, developing, and maintaining complex software applications using Python and related technologies. You will work closely with project managers and other team members to ensure that projects are delivered on time and to specification. The ideal candidate will have strong analytical and problem-solving skills, excellent communication skills, and a passion for staying up-to-date with the latest industry trends and technologies. A Bachelor's or Master's degree in Computer Science or a related field is required.
